False River Academy is growing, and excitement is building as we celebrate 50 amazing years of education with great students, parents, educators and administration. Our PTA continually supports FRA with classroom incentives, technology improvements, building and playground renovations, motivational classes, along with purchasing refreshments for various activities throughout the year, and of course hosting the meals for the annual teacher appreciation week! This year we were able to provide one lucky teacher and her family with vacation lodging for a week in California! We meet monthly, normally on the second Tuesday of each month at 5:30 pm in the FRA cafeteria. Meetings are announced on our Facebook page and on the school website. We also have a GROUP ME phone app that makes your involvement SIMPLE, connect with us now. This is just a sample of what we can do when we all work together for a better education for our children. Remember 100% of what PTA earns goes directly back to False River Academy. Please take a minute and tell us about yourself; any talents, hobbies, education, anything that could help in our pursuit of excellence for False River Academy. Go Gators!
