

FRA Alumni Spotlight: Dr. Craig Greene

What year did you graduate? 1992

How did FRA prepare you for college and for life?

I learned how to deal with people and working together with people how to solve problems. I feel like that was the biggest part of college and subsequently life. We formed deep relationships and the ability to conquer difficult problems.

What do you love about FRA?

The thing I most love is the relationships that were formed. These are lifelong.

What would you tell a student or family that was considering education at False River Academy?

False River Academy is an excellent school and will definitely prepare you for college and for life beyond.

What is your favorite memory of False River Academy? When we won the state championship our sophomore year in football.
