What you love about FRA?

The kids! They have aged me and at the same time kept me young at heart.

What is your favorite memory of FRA?

There are too many to list but cheering (yelling) at football games for 21 years tops the list. I didn't know what was going on half the time but I just loved it!!

I have also enjoyed "verbal sparring" with parents over the years (you know who you are).

Anything else you would like us to know?

We have a great faculty and staff that do a wonderful job with our students. They will go the extra mile to help any and every student and really want to see our students succeed. After all their success is our success! The dual enrollment and virtual school classes have opened so many opportunities and options for our kids. Take advantage of them.

I will miss everyone so much so I plan on substituting (I am sure the kids will be groaning when they hear that) whenever I can. I don't want to be too long winded so I will close with GOD BLESS FRA!
